ENEMY ANSWER IS MADE PUBLIC

Says German People Stand Aghast at Demands Made by Victorious Nations.

REGARD TERMS HARSH

Although Realizing Germany Must Make Sacrifices to Obtain Peace, Foe Delegates Declare Conditions Are Terrible Burden.

Washington, June 2.—Although realizing that she must make sacrifices to obtain peace, Germany is convinced that the execution of the peace treaty as drawn is "more than the German people can bear."

Count Von Brockdorff-Rantzau, head of the German peace delegation, thus sums up the attitude of the German nation towards the proposed treaty of peace in a note to the Allied and associated powers, outlining various German counter proposals. The German note, delivered to Premier Clemenceau, president of the Peace conference, last Thursday, was made public by the State department.

Justice Held Sacred, Foe Claims.
The German delegation nowhere in its note asserts that it will refuse to sign the present treaty, but declares on behalf of the German nation that "even in her need, justice for her is too sacred a thing to allow her to stoop to achieve conditions which she cannot undertake to carry out."

Exclusion of Germany from the league of nations, the note asserts, means that in signing the peace treaty Germany would be executing a "decree for its own proscription, nay its own death sentence."

The German people, the note says, have been disappointed in their "hope for a peace of justice which had been promised" and stand aghast at the demands made upon them by the "victorious violence of our enemies."

Outline of Counter Proposals.

Outlining its counter proposals, the German delegation agrees to reduction of Germany's army and navy on condition that Germany be admitted immediately to the league of nations; to renounce Germany's sovereign rights in Alsace-Lorraine and Posen but as to all other territories which Germany is called upon to give up the principle of self-determination, applicable at once, is asked; to subject all German colonies to administration by the league of nations but under Germany mandatory, and to make the indemnity payments as required, but in amounts that will burden the German taxpayer no more heavily than the taxpayer of the most heavily burdened among those represented on the reparation commission.

The note declares Germany is willing to pool her entire merchant marine with that of the associated powers. Neutral participation in the inquiry as to responsibility for the war is asked.

PROCLAIM RHINE REPUBLIC

Population in Cities Welcomes Event With Satisfaction.

Mayence, June 2.—The Rhine republic was proclaimed in various Rhine cities. The population welcomed the event with satisfaction, and expressed the hope that it would put an end to the painful uncertainty prevailing in the Rhine provinces regarding the Allied nations and Germany.

The new government is headed by Doctor Dorden. It has been installed provisionally at Wiesbaden. Doctor Dorden addressed a message to the different governments and to the Peace conference.

TRANSPORT SERVICE BUSY

American Vessels Are Bringing Most of the Troops Home.

New York, June 2.—Of the 320,000 troops brought home from overseas last month, vessels operated by the cruiser and transport force of the navy carried more than 300,000. It was announced here at the office of Vice Admiral Albert Gleaves.

This represents the work of 89 ships, former German liners, converted freighters and battleships and cruisers listed as transports.

MARRIES LORD RIBBLESDALE

First Wife of Late John J. Astor Weds in London.

London, June 2.—In the column of paid marriage notices in the Times is one saying that Mrs. John Astor was married to Lord Ribblesdale, at St. Mary's church, Bryanston square, London.

The Daily Express, the only newspaper announcing the marriage in its news columns, identifies Mrs. Astor as the first wife of the late John Jacob Astor of New York.

ALFRED H. SMITH

Regional Director of Railroads for East Resigns.

A. H. Smith, regional director of railroads for the East, has resigned to resume his duties as president of the New York Central lines. A. T. Herdin, assistant regional director, becomes regional director.

PARTY LEADERS MEET

Bavarians Consider Internal Conditions Critical.

Political Factions Decide to Unite on Program for Ending Industrial Strife.

Munich, June 2.—Representatives of all political parties in Bavaria met and found themselves of one opinion that the situation of the country was so serious that unity was the only means of its salvation, and that the conciliation of the working people and the bourgeois circles was the first step toward achieving this unity.

This constitutes a working program in support of which it is expected all the parties will pool their efforts, including the Centre party, the Democrats, the Socialists and the Independent Socialists.

The outward quiet and safety of Munich now seems assured, but the 20,000 unemployed in the city constitute a danger. Unemployment is not decreasing, largely because of lack of a desire to work.

Regarding the new cabinet, the Berlin Lokal Anzeiger calls attention to the importance of the elimination of representation for the peasants' league and the consequent exclusion of the revolutionary influence of the old Kurt Eisner group.

The Bavarian army will soon be disbanded and the state will go over to the national volunteer defense system.

INDIAN HEROES COME HOME

Frustrated Hun Wire Tappers by Using Choctaw Language.

New York, June 2.—Considerable attention was attracted here by a detail of 50 Indian soldiers who arrived on the Transport Pueblo, under the command of Captain Horner, of Mesa, Ark. These Indians have to their credit a unique achievement in frustrating German wire tappers. Under the command of Chief George Baconrind, an Indian from the Osage reservation, they transmitted orders in Choctaw, a language not included in German war studies.

Admiral Kerr and Captain Alcock Will Try Atlantic Flight.

St. Johns, N. F., June 2.—Both Admiral Kerr, pilot of the Handley-Page biplane being assembled at Harbor Grace, and Captain Jack Alcock, pilot of the Vickers-Vimy bomber, soon to have an airdrome in this city, expressed confidence that they would be able to take off for their trans-Atlantic flights in competition for the \$50,000 prize offered by the London Daily Mail, about June 13, when they will be aided by a full moon.

NICARAGUA NABS REBELS

Arrests and Disarms Costa Ricans Crossing Border.

San Juan Del Sur, Nicaragua, June 2.—The Nicaraguan government is disarming and arresting all Costa Rican revolutionists crossing the border from Costa Rica.

Lack of ammunition is said to have caused the failure of the rebel invasion of western Costa Rica from Nicaragua.

Austrian Peace Terms

(By United Press)

St. Germain, France, June 2.—The Austrian peace treaty includes the following provisions:

Austria must accept the covenant of the league of nations and the labor charter.

Austria must renounce all her extra European rights.

Austria must demobilize her naval and air forces.

Austria must recognize the complete independence of Hungary.

Austria must accept economic conditions and freedom of transit similar to those in the German treaty and give guarantee of the execution of the treaty corresponding to those in the German pact.

Austrian nationals guilty of violating international laws of war are to be tried by the allies.

Sections dealing with war prisoners and graves are identical with the German treaty.

Boundaries of Bohemia and Moravia to form a boundary between Austria and Checho-Slovakia with minor rectifications.

Allies later to fix southern boundary (referring to Jugo-Slavia.)

Eastern boundary leaves Marburg and Radkersburg to Jugo-Slavia.

Western and northwestern frontiers facing Bavaria and Switzerland are unchanged.

Austria must recognize the independence of Checho-Slovakia and Jugo-Slovakia.

Austria is recognized as an independent republic under the name of "Republic of Austria."

Austria must recognize the frontiers of Bulgaria, Greece, Hungary, Poland, Rumania.

Boundaries of Austria and Checho-Slovakia and Jugo-Slovakia to be finally fixed by a mixed commission.

Czecho-Slovakia and Jugo-Slavia must agree to protect racial religious and linguistic minorities.

Both new Slovene nations and Rumania must assure freedom of transit and equitable treatment of foreign commerce.

Austria must recognize the full independence of all territories formerly a part of Russia.

The Brest Litovsk treaty is annulled.

All treaties with Russian elements concluded since the revolution are annulled.

The allies reserve the right of restitution to Russia from Austria.

Austria must consent to the abrogation of all treaties of 1839, establishing Belgian neutrality.

Austria must agree to new Belgian boundaries as fixed by allies.

Similar provisions with respect to neutrality and boundaries of Luxembourg.

Austria must accept allied disposition of any Austrian rights in Turkey and Bulgaria.

She must accept allied arrangements with Germany regarding Schleswig-Holstein.

Austrian nationals of all races, languages, and religions equal before the law.

Entire Austrian-Hungarian navy to be surrendered to the allies.

21 specified auxiliary cruisers to be disarmed and treated as merchantmen.

All warships including submarines under construction shall be broken up and used only for industrial purposes.

Brainerd will welcome this evening 125 businessmen of Minneapolis.

They will arrive on their special at 7:25 o'clock. At Brainerd will be established the first night's control of their 1,000 mile, week's swing around a circuit of 61 Minnesota towns on a campaign of acquaintance making.

W. I. Nolan, speaker of the Minnesota house of representatives, will be the chief speaker for the trip. Other speakers will be chosen from the party from time to time by Frank S. Gold, chairman of the Trade Extension committee of the Civic and Commerce association of Minneapolis.

The Fourth Infantry band is accompanying the tourists and will give a special program. If the weather is fair, the band will play at the depot park. If it is a rainy evening, the band and the public will accompany the Twin City men to the Gardner auditorium which has been kindly donated for that purpose by Senator George H. Gardner and the concert will be held at that place.

The Chamber of Commerce of Brainerd has provided for the entertainment of the delegation here and local businessmen are on a program of speeches welcoming the Mill City men here and explaining local trade conditions. The session at the Chamber of Commerce commences at 8:30 and the delegates will be welcomed by Dr. J. A. Thabes, president of the Chamber.

Representatives of the different Minneapolis firms on the tour will visit their merchant customers at each point on the trip. "We are going out on a tour to get acquainted with the people over the state with whom we do business," said Mr. Gold. "We believe that closer acquaintanceship with the different Minnesota communities will result in our mutual benefit."

This is the list of Minneapolis men expected:

Air Reduction Sales Co., G. W. Irwin.

American Tent & Awning Co., C. M. Rewitzer.

Andrews Hotel, H. A. Rogers.

SENATOR PHELAN

Will Introduce Bill to Repeal Wine and Beer Ban.

Senator James D. Phelan of California will introduce in the senate a measure for the repeal of the wine and beer restrictions in the Food Control act, as recommended by the President in his message to Congress.

DECLINES TO ASSIST

Swiss Government Will Not Try to Coerce Germany.

Allies Asked That in Event of Foe Refusal to Sign, All Exports Should Cease.

Berne, June 2.—The French ambassador has received a note from the federal council for transmission to the Allied governments stating that the Entente's request that Switzerland prohibit all exports to Germany if the Germans refuse to sign the peace treaty would require the breaking off of economic relations with Germany.

The note says that such action would go beyond all the restrictions imposed during the war.

The federal council again asserts the neutrality of Switzerland, and says it does not consider itself able to comply with the Allied request.

GIVES AMERICANS CREDIT

King George Congratulates Crew of Seaplane NC-4.

London, June 2.—The king sent an equerry to the American embassy with his majesty's congratulation to Lieutenant Commander Read and his companions and the United States navy on the accomplishment of the Atlantic flight.

In commenting on the arrival of the NC-4 at Plymouth, the Evening News says:

"The feat of Lieutenant Commander Read is none the less admired because he had an American navy patrol to assist him. The Americans are first in an ordered and scientific method of crossing the Atlantic by air."

"We say what London is thinking when we offer them the most sincere compliments on the courage, resolution and ingenuity of their great flight."

TO PREACH FROM AIRPLANE

Real "Sky Pilot" to Be Feature at Methodist Centenary.

New York, June 2.—The first sermon from the air, preached by a "sky pilot" of the Methodist church, will be a headliner at the Methodist centenary exposition to be held at Columbus, Ohio, June 20 to July 14, according to plans announced.

According to the announcement the aerial sermon will be preached by a minister who will float above his congregation at a height of 2,000 feet. His message will be audible by means of a wireless telephone and a megaphone attachment.

AUTO RACE FATAL TO THREE

Two Drivers and Mechanic Killed at Indianapolis.

Indianapolis, June 2.—Howard Wilcox of Indianapolis won the seventh annual international sweepstakes race of 500 miles at the motor speedway, his time being 5:44:21.75. Two drivers, Arthur Thurman and Louis LeCocq, and a mechanic, R. Baudin, were killed and two others were injured.

As a result of his victory, Wilcox wins a prize of \$20,000. Fifty thousand dollars was divided among the first ten drivers.

POLISH PREMIER DEMANDS PROBE

Wants American Commission to Inquire Into Alleged Ill Treatment of Jews.

NOTHING TO CONCEAL

Paderewski Denies Stories in Circulation and Intimates That They Emanated From Sources Hostile to His People.

Paris, June 2.—The Polish premier, Ignace Jan Paderewski, made it known that he had decided to ask President Wilson to name an American commission to go to Poland and probe the charges regarding treatment of Jews there.

The premier's intention was revealed in the making public of a letter he has written to Herbert C. Hoover.

"I have been considering our discussion regarding the Jews in Poland, and particularly the action of the recent meeting in New York in protest against the treatment of the Jews," the premier's letter read.

"The misstatements through which that meeting was influenced have affected me profoundly," he says, "and, as the Polish government has nothing to conceal, I have decided to request the President to appoint an American commission to visit Poland and investigate."

"If it finds any case of transgression of the law where justice has not been done, the Polish government will undertake to administer it rigorously. Poland is cut off from the world by enemy territory, so the world knows little of eastern Europe except rumors affected by enemy coloring. Flat Denial of New York Charges."

"I can state that the events as represented in the New York meeting have not occurred. There are in Poland ministers of great governments—American, British and French. Have any of them ever reported such events to their governments, or have they ever asked a single question regarding them of the Polish government officials who see them daily? Not to my knowledge."

"The world little understands that the Jews of Poland, ground for generations under the heel of our common oppressor, are in considerable part a people of misery, but that this misery is not the creation of the five-months-old republic."

"New Poland has given the Jew every liberty of the gentle. All today sit in the congress together; all are devoted to the solution of the problems and meeting the dangers imperiling the new republic."

"You yourself know that in the gigantic problem of feeding 23,000,000 people, 13 or 14 per cent of whom are Jews, the latter have had equal consideration with the other elements of the population."

DIRECT LETTER TO WILSON

American Irish Representatives Ask for Hearing.

Paris, June 2.—Frank P. Walsh and Edward P. Dunne, representing American Irish societies, directed a letter to President Wilson, saying their instructions provide that, if regularly chosen representatives of Ireland are not given an opportunity to present Ireland's case to the Peace conference, they should do so.

"We therefore petition you," the letter said, "to use your good offices to obtain for us a hearing before the four great powers."

MEAT FAMINE IN EUROPE

Packer, Back From Trip, Says Nations Need U. S. Food.

New York, June 2.—Thomas E. Wilson, Chicago packer, returning from Europe after two months abroad investigating the food situation in the interest of the government, said there was a meat and fat famine in Germany, Austria and the Balkans, with the situation nearly as serious in countries which were neutral.

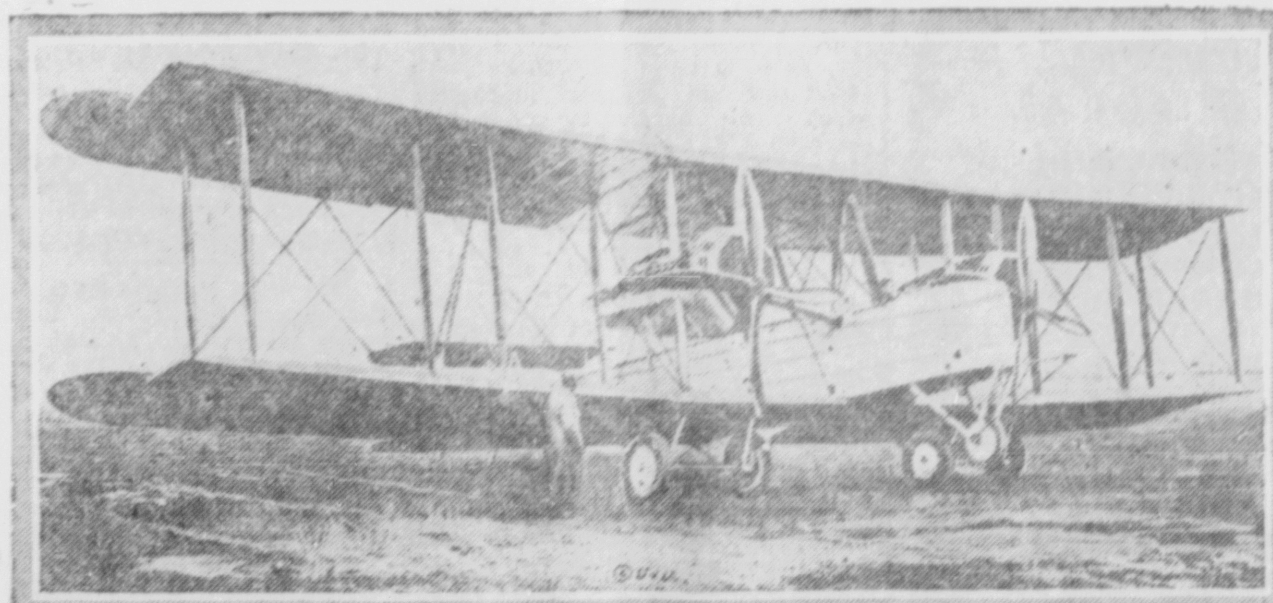

"The people had slaughtered most of their livestock, he said, and were suffering from the effects of undernourishment."

FAMOUS AIR UNIT IS BACK

94th Pursuit Squadron Credited With Bagging 70 Planes.

New York, June 2.—The famous Ninety-fourth pursuit squadron, formerly commanded by Eddie Rickenbacker, an American "ace of aces," some of whose members flew with the Lafayette squadron before the United States entered the war, returned on the transport Louisville. The squadron has been officially credited with downing seventy enemy planes and unofficially with forty-two others.

Bombing Plane Latest Entry in Race Across the Atlantic

Undaunted by the ill luck of Captain Harry G. Hawker and Lieutenant-Commander Mackenzie Grieve, Captain John Alcock is preparing in New Foundland to try to fly across the Atlantic in the race for Lord Northcliffe's \$50,000 prize. He will use as his base the Mount Pearl airplane airdrome, vacated by Hawker, where his Vimy bomber plane will be assembled and put in shape. His intention is to fly light to Harbor Grace, where he will take on a full load of 865 gallons of gasoline. His plane has a range of 2,440 miles. Captain Alcock's companion on the flight will be Lieutenant U. W. Brown.

ASSUME SOLID FRONT

Entente Peace Delegates Will Not
Modify Terms.

Also Take the Position That There
Is No Necessity for Verbal
Discussions.

Paris, June 2.—In the opinion of
French diplomatic circles, the greater
part of the objections raised in the
German counter proposals already
have been set forth in separate Ger-
man notes and duly answered by the
Allies.

Consequently, it is said, there can
be no modification of the peace terms
and there is no necessity for verbal
discussions in which the Berlin gov-
ernment desires to involve the Allied
powers.

It is understood the Council of Four
will agree in taking this view in an-
swering the Germans.

The German peace delegation has
been notified that the period of delay
for presenting observations having ex-
pired at 3 p. m. Thursday no further
notes will be accepted from the dele-
gation.

It became known that the German
counter proposals were accompanied
by a covering letter of 10 typewritten
pages. The letter apparently is the
work of Count von Brockdorff-Rant-
zau, as it is more conciliatory and
adroit than the counter proposals
which were elaborated by the Berlin
government. The letter paints a most
gloomy picture of the fate to which
the peace terms condemn Germany.

Shells as Feed.

America possesses some of the larg-
est chicken hatcheries in the world,
a single establishment sometimes hav-
ing a capacity of 225,000 eggs. One
room in such a hatchery has 33,000
eggs in process of incubation at one
time. An interesting by-product of
the industry are the shells which ac-
cumulate in mountainous piles. They
are not wasted, however, but are
ground and sold to chicken raisers for
feed, principally as bone builder, thus
completing the cycle to everyone's sat-
isfaction.—Popular Mechanics Maga-

SENDS MESSAGE TO WASHINGTON

General Angeles Gives His Rea-
sons for Leading Present
Revolt in Mexico.

HAS STRONG SUPPORT

Insurgent Chief Declares He Wants
to Restore Constitution of 1857
and Promises Protection to
All Interests of Foreigners.

Washington, June 2.—It is said that
a communication has been sent to
Washington for presentation to the
state department by General F. An-
geles, recently proclaimed by Villa's
forces as provisional president of Mex-
ico, setting forth his objects in lead-
ing the present revolt in northern
Mexico.

Acting Secretary Polk said that no
communication had been received and
that none would be received, as Car-
ranza was president of Mexico and
Angeles was a rebel operating against
the constituted authority. He made it
plain, however, that Angeles was re-
garded as an excellent soldier with a
good record.

In the communication General An-
geles declared the primary purpose
of his revolution was to restore the
constitution of 1857, which, he point-
ed out, provides for the legal change
of the fundamental laws of the coun-
try and which makes the Queretaro
constitution illegal. He promised pro-
tection to all legal interests of Mexi-
cans and foreigners, and said he want-
ed to restore order in the republic.

General Angeles emphasized that he
would not deal with Felix Diaz, Gen-
eral Manuel Mondragon, Rudolfo
Rojas, former President de la Barra,
or any one who was a member of the
Huerta cabinet at the time of the
Madero assassination.

Reports reaching Washington tell
of bodies of former Villistas and
many Mexicans who oppose Carranza's
regime, in different parts of Mexico,
rallying to Angeles' standard.

FAVOR LABOR PEACE MEET

Noted Men Approve Plan to Insure
Industrial Tranquility.

Washington, June 2.—Former Presi-
dent Taft, William Jennings Bryan,
Secretary Lane, Speaker Gillet and
other public men announced approval
of a project for a great national con-
ference in Washington to insure indus-
trial peace.

The purpose of the conference is to
"obtain some general agreement" be-
tween capital and labor as to the
rights and obligations of each, to the
end that friction between them may
be reduced.

Dr. Shaw Taken to Hospital.

Springfield, Ill., June 2.—The con-

a message from Bamberg, Bavaria. It
is expected that a ministry on a broad-
er basis will be formed.

Needed Much Energy.

After returning from a strenuous
play with her rather domineering lit-
tle friend, Berta complained about
Bobby's manner, which other children
had described as being quite "boss-

WOMAN'S REALM

TO RESIDE IN IRONTON

Dr. and Mrs. George Irving Badeaux
Enjoyed Pleasant Visit with
Relatives Here

Dr. and Mrs. George Irving Badeaux after a pleasant visit with relatives and friends in Brainerd, have taken up their residence at Ironton, where they will make their future home.

Dr. Badeaux has opened offices in Crosby for the practice of his profession and will at once resume the responsibilities of what is anticipated will be a wide practice in that locality, as his experience and reputation as a physician entitle him to prompt recognition in any community.

During their honeymoon spent in Brainerd, Mrs. Badeaux met a number of prominent local ladies and her charming personality won many admirers among the social set of this city. That they will be cordially greeted in social and professional circles of the range towns where they have located is a foregone conclusion and the many friends of the young physician here predict for him a very bright future there.

Dr. Badeaux was identified with Dr. J. A. Thomsen, his brother-in-law, in the practice of medicine here after he returned from the service and it was hoped that he would remain permanently in Brainerd, but he feels that Crosby-Ironton field offers an excellent opportunity. He is not unfamiliar with that locality and with the residents there and feels that he is not located among strangers but rather in a locality which will offer attractions in a professional and social way as well.

SENIORS PICNIC

Held at O'Brien's Cottage at Clearwater Lake, Rain Falls Heavily

Rain and senior picnics seem to go hand in hand. They both refresh the persons connected with them. An example of this was Saturday when the seniors had their last picnic of the year at O'Brien's cottage on Clearwater.

About 2:30 Saturday afternoon the seniors left the high school in cars. The roads were good and in a short time the class arrived at their destination. Rain did not interfere with the plans in any way.

The afternoon was spent in many different methods of entertainment. Some sat in chairs around the fireplace reading, a few went rowing and others swimming. The water was "fine."

The big event, of course, was the supper. All who were to bring sandwiches brought "fuzzy" ones and then added a dozen or two for good measure.

There was too much "grub" for the crew so all were well satisfied. For dessert there were chocolate sundaes of such vast proportions that even the boys were more than satisfied.

The picnic was a fitting conclusion of the social affairs of the Class of '19. It was the ninth event of the year that has been carried out by the seniors.

Franklin-Veillette

A very pretty wedding took place at St. Mathias Catholic church when Albert Veillette, lately returned from service in the army, was married to Miss Mae Franklin. Both are well known young people. A nuptial mass preceded the wedding, Father A. L. Dufrenoy officiating.

After the religious function in the church a very pleasant time was enjoyed by relatives and friends.

Philathea Class

The Philathea Bible class of the First M. E. church, will meet this evening at 8 o'clock in the social rooms of the church and will be entertained by Mrs. E. E. Blackledge, Mrs. W. E. Paul and Mrs. G. E. Lammon. Every member is urged to be present as this is the annual election of officers.

Do We Eat Too Much?

One meal a day was the custom of the Greek patriarchs; the soldiers and plebeians had two; only the raffish of the population ate three. And the Greek patriarchs were the healthiest of the population, and lived the longest. The moral is obvious—if you want to apply it.

LEAD THE DISPATCH WANTS

Simmons-Sharp

A home wedding, beautiful in its appointments and carried out with charming simplicity, occurred on Saturday morning at 10:30 o'clock at the home of Mr. and Mrs. E. H. Simmons, when their oldest daughter, Miss Irma, was married to Clarence Sharp of Duluth, Rev. E. A. Cooke, pastor of the First Methodist church officiating.

The bride wore a blue traveling suit and hat to match. She carried a shower bouquet of white roses and lilies of the valley. The young couple was unattended.

The ceremony was performed in the parlor in the presence of immediate friends and relatives, the young people plighting their troth before an improvised altar of ferns and cut flowers. The color decorations of the room was green and white and flowers and ferns were lavishly used in the decorations.

Miss Mildred Skauge played the wedding march. After the ceremony a sumptuous wedding dinner was served. Assisting Mrs. Simmons were the Misses Maude Williams, Hazel and Irene Brockway.

The happy couple left on the noon train for St. Paul and Northfield where they will visit relatives of the bridegroom, before going to Duluth where they will make their home.

Mr. Sharp is a linotype operator of the Duluth News Tribune and is popular with his associates and employers. Among the out of town guests at the wedding were Mr. and Mrs. E. E. Daniels and daughter, Miss Bernice of Staples.

The Dispatch joins their many friends in Duluth and Brainerd and extends best wishes for their continued happiness and prosperity.

SUTTON SCHOOL

Eight Graduates, Diplomas Presented
by County Superintendent of

Y. W. C. A. UNIFORMS
TO CLOTHE STUDENTSSuits Worn by War Workers Will
Be Given to Penniless Students
in Switzerland.

Official uniforms of the Young Women's Christian Association minus the Blue Triangle, the Association insignia, will be worn next winter by women students who have been stranded in Switzerland during the war and who, because of lack of funds, inability to re-enter their native country, a desire to finish their university courses or because they have no family to which to return, will remain there next year.

Elizabeth M. Clark, who has been in Switzerland for ten years under the World Student Christian Federation, has appealed to the National Student Committee of the Y. W. C. A. for clothing for the 300 foreign women students in Switzerland. The scarcity of clothing last year among these almost refugee students made it necessary for two girls to share one coat so that only one could go to classes or go out of doors at a time.

Four large packing cases of all kinds of used clothing, save hats, which is in good condition, have been collected hastily from women college students in the New England States, Ohio, West Virginia, Pennsylvania, Maryland and Delaware by the Student Committee of the National Y. W. C. A. to be sent over in response to Miss Clark's appeal. This clothing will be dyed, cleaned and made over in Switzerland.

In addition to the clothing collected from students in colleges nearest New York a case of uniforms which have been turned in by Y. W. C. A. secretaries who did war work, and the official gray uniform uniforms is being sent. As uniforms are being turned in by war workers they will be claimed by the Student Committee, which will remove the insignia and prepare the uniforms so that they may be worn by these women who have been forced by world events to remain in Switzerland for several years.

HINTS ON HOME-MADE HATS

How to Handle Pineapple Braid, Disguising Out-of-Date Hat Crowns; "Made Fancies."

If one has a bit of ingenuity, an eye for color combinations and an innate sense of the type of thing that suits her own particular style she may make good-looking chapeaux at very little expense. Here are several suggestions that may help such a girl to work out her own ideas.

The pineapple braid so much used for part and whole of hats is wrapped in a damp cloth for half an hour before using by milliners, to render it pliable enough not to break when being sewed on a frame.

A satin tam o' shanter crown is a pretty and easy way of disguising a hat crown that is out of date in shape while the brim remains perfectly good style. Many of these tam crowns are pin-tucked in a plaid about an inch and a half square.

Many "made fancies" are used to trim hats. A good way to make one of these is to fashion a small double triangle of silk and stuff it with cotton and then bead it with some showy contrasting color. Dark blue taffeta or satin, for instance, is chic beaded with either white or steel beads.

Wool embroidery, so inexpensive and so easy to do, continues a fashionable hat trimming. Some hat crowns of georgette crepe are darned solidly with a contrasting color of wool in a pattern that leaves just spaces of georgette that resemble large petalled flowers. Daisies are pretty darned in white wool on a velvet hat band of green, blue or brown, and should have yellow centers made of French knots.

Milliner's glue, which is inexpensive, is a great help in placing flowers daintily around a brim or crown—a style just as good as ever this season.

A Napoleon-shaped buckram frame should be covered with silk or rough straw to wear with cape or dolman wraps.

Hat linings from milliners should be carefully saved and cleaned because so well made, to use in home-trimmed hats.

COLORS ARE BRIGHT AND GAY

Magenta, Green, Blue, Yellow Among Tints Seen in the New Evening Gowns.

The futurist, however crude to many minds, taught us much about highly-keyed color. It was to this school of brilliancy that the dyers went for their fabrics.

Magenta, that vibrates dually with red and purple; green with a strong note of sulphur yellow or green that suggests a peacock blue; blues that shade to the turquoise matrix; yellows that range from tangerine to citron—these are the colors seen in the new evening gowns.

If a dress is to be made of a pastel shade the girdle will be a rainbow of brilliancy, three, four or more lines of color that bring joy with their clash or their contrast.

A whole page might be written about girdles. Geranium pink is run alongside of vivid turquoise. A gown of neutral gray is made insistently noticeable by a girdle of old gold, vivid blue and rose that refuses to be inconspicuous.

White Beaded Bags.

Beaded bags are running to lots of white this year. A smart affair is a long pear shape, heavily beaded in white and embroidered in rich mahogany, black and green in the middle. There is a smooth jet clasp and black cord drawstrings.

ASK RETURN OF WIRE LINES

Immediate restoration of the telephone properties of the country to private control, with such legislation as may be necessary to provide for the deficit the government has incurred during the period of federal control, is urged upon the Congress now in session by Theo. N. Vall, head of the Bell Telephone System, and G. W. Robinson, president of the Association of Independent Telephone Companies in the United States.

A statement making such a recommendation has been submitted to the members of Congress, signed jointly by the presidents of the telephone interests.

The Bell and Independent telephone heads declare that if present conditions continue the credit of the operating companies will be impaired, proper expenses cannot be met, operating forces cannot be retained and needed extensions and satisfactory service cannot be provided.

The Postal Telegraph Company asks immediate return of its lines, pledging to continue business at the old rates.

WAR HARD ON ROYALTY

Abdications and dethronements in Germany include two hundred and seventy-eight persons. Bavaria leads with one king, one queen, fifteen princes, sixteen princesses, five dukes and one duchess. Prussia has sent thirty-three royalties into exile, including the emperor, empress, twenty princes and eleven princesses. Brunswick is at the bottom of the list with only the ducal couple and their three children. The two tiny principalities of Reuss, whose area is hardly one-third hundredth part of that of Prussia, have exiled thirty-six royalties. The principality of Lippe, only about twenty square miles larger than the Reuss states, has a royal family numbering twenty-four persons. Most extraordinary is the case of Schaumburg-Lippe with its area of one hundred thirty square miles, where there was one royal personage for every five square miles. These included the reigning prince, seventeen princes and seven princesses.

German Siege of Paris.

The siege of Paris began on September 15, 1870, and ended on January 28, 1871, when the city surrendered. German troops entered the city in March, 1871, and remained 48 hours. The eastern part of Paris was bombarded by the Germans on January 8, 1871, and about a week later there was a general bombardment in which many buildings were damaged and a number of persons killed. After the latter bombardment France appealed to the neutral powers, but received no response.

No Liberty in Russia Under Bolsheviki Control

By FRANK J. TAYLOR
 (United Press Staff Correspondent)
 Paris, June 2—Russia under the dictatorship of agitators, is a land where liberty is an unknown quantity. The bolsheviki have surpassed even Czarism in their efforts to legalize the control of everyone and everything. Russia is now what the United States would be if soap box orators could oust the ordinary people from Washington and replace the government with agitators each of whom would practice his own theory without recognizing precedent, law or customs of living in an effort to thrust reforms down the throats of the people. I went into Russia with an open mind determined to give the bolsheviki a square deal. I came out after being arrested without cause and robbed of everything but my clothing.

Peace Treaty Handed To Austrians Today

By HENRY WOOD
 (Staff Correspondent, United Press)
 St. Germain, June 2—The peace treaty was handed to the Austrian delegates at twelve thirty-nine today. The meeting did not convene until twelve twenty-five owing to the late arrival of President Wilson. He was the last of the delegates to reach the historic chateau, which is also a national museum. Premier Clemenceau in his instructions to the Austrian delegates informed them that no oral discussion would be permitted, and that all written observations must be submitted within fifteen days. The document was reported to be a mere skeleton of the treaty with the financial, economic, reparations, military and boundary clauses either wholly or partially lacking. The complete sections consist principally of political and territorial clauses together with the league of nations covenant which is identical with that in the German treaty according to the best information. Clemenceau finished speaking at 12:29 and handed the treaty to the Austrians ten minutes later. Chancellor Renner arose and replied in French. While he was speaking a big glass case containing relics of the stone age broke and interrupted him for a few minutes. The meeting adjourned at 1:14 p. m.

THERE WILL BE NO NATIONAL WALK OUT OF WIRE WORKERS

(By United Press)
 Washington, June 2—There will be no walk out of wire workers throughout the country today as a result of the telephone strike at Atlanta, Ga. S. J. Koenekamp, president of the Commercial Telegraphers Union announced today on his return from Montreal. The Atlanta situation is local he said, and declared that unless the discharged girls there were reinstated today all Atlanta wire workers would leave their jobs.

Johnson Wants Referendum on All Future Wars

(By United Press)
 Washington, June 2—Senator Hiram Johnson today flung a challenge at the league of nations advocates to amend the covenant by providing a people's referendum on all future wars. He plans to introduce a resolution to amend the covenant to this end.

COUPLE WED IN AIRPLANE

Ceremony Occurs 2,000 Feet Above Heads of 10,000 Spectators.
 Houston, Texas, June 2—With the exhausts from two twelve-cylinder Liberty motors beating the wedding march, Lieutenant R. W. Meade of Cincinnati, Ohio, and Miss Marjorie Dumont of Yorkville, Ind., were pronounced man and wife more than 2,000 feet above the heads of 10,000 spectators at Ellington field. The ceremony is the first of its kind ever recorded, and a Handley-Page bombing airplane was required to accommodate the wedding party of twelve persons.

FINAL ACTION IS POSTPONED

Bill to Repeal Luxury Tax Law Strikes Snag in House.
 Washington, June 2—Unexpected opposition to repeal of the luxury tax section of the war revenue bill developed in the house, and sponsors of several other proposed repeals, ready to offer substitutes, forced postponement of final action. Its supporters said adoption was certain. Representatives Cannon, Republican, of Illinois, and Thomas of Kentucky, and Sims of Tennessee, Democrats, led the attack against the repeal.

FARMERS HAVE PROTECTION

Government Will Pay Regular Grain Storage Price.
 Washington, June 2—When growers of the Northwest and other sections will be paid the regular commercial storage charges for keeping their wheat on the farms if the government isn't able to provide transportation facilities for them during the crop marketing season.

AMUSEMENTS

At the Best Today
 Magnificent stage settings and natural scenes distinguish "The Test of Honor," John Barrymore's latest Paramount starring vehicle, which will be displayed at the Best theatre today. The picture is based upon E. Phillips Oppenheim's successful novel, "The Malefactor."

In this charming photoplay Mr. Barrymore appears as a convict whose career is ruined by a treacherous woman whom he loved. Several of the most dramatic incidents transpire presumably at the country club, and a famous clubhouse at Piping Rock, N. Y., was employed for the purpose, with excellent effect. The massive interiors which vest the picture with a solidity seldom approached on the screen, were constructed solely for the photoplay.

Constance Binney, who played the leading role in "Sporting Life," has a beautiful part in support of Mr. Barrymore, while Marcia Manon, who is of stellar value, has a heavy role of great strength. The support generally is of the best.

At Best Wednesday and Thursday
 A re-arrangement in booking brings to the Best theatre, next Wednesday and Thursday, "Salome," a new spectacular film offering of much promise, according to reports from the east. The production is declared to have been six months in the making at the William Fox studios in Southern California, and with the picturesque locale in which the action transpires to inspire the director, is said to be of surpassing beauty in its scenic aspects. The story, which has inspired writers like Oscar Wilde, Herman Sudermann, Gustave Flaubert and Stephen Phillips; composers like Jules Massenet and Richard Strauss and several painters and others of world renown, should provide that arch-artifice of the animated screen, Theda Bara, with plentiful chances to display the wiles and whims of the type she has made famous in Cameraland.

SENATE WARMS UP IN LEAGUE DEBATE

FORETASTE OF HOT TIME TO COME IS GIVEN AS SOON AS THE TOPIC IS BROACHED.

IS FAR FROM "CONSERVATIVE"

Personalities and Angry Accusations Are Frequent as "Dignified" Senators Discuss Johnson's Resolution Calling for Full Text of Treaty.

By EDWARD B. CLARK.
 Washington.—It did not take them long in the senate to start rolling the ball of the league of nations. Some of the senators seem inclined to make it a football. To others it is a basketball with the goal of acceptance already won in perspective.

The United States senate has been cited the most dignified legislative body on earth. Perhaps it is, but as someone has said, if such is the fact God help other deliberative bodies! Youth must be served. The average age in the United States senate is at a lower mark than it has been for many years, and youth is hot-headed and quick-tongued, and it probably is for this reason that the Republicans and the Democrats, heated under the pressure of debate on the league, say things that perhaps at night they wish they had not said or had said in some other way.

The senate no sooner had reached the stage of liberty to do something beside organize when the league of nations took legs to itself, and started, figuratively speaking, to run quick through the chamber. The new broke over a resolution introduced by Senator Johnson of California, calling on the state department to furnish the senate with a complete text of the treaty.

Debate Became Warm at Once.
 It is not the intention here to go into a discussion of the rights and wrongs in this matter, or to undertake to advance the arguments, pro and con, as they were uttered concerning the resolution, but rather to give a little view of the scene in the senate in order that readers of this paper may be able to judge for themselves.

\$100 Reward, \$100
 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. He had only two choices; which should he take?
 Go to jail himself, for seven years, for a crime of which he was guiltless or—
 Send to jail, for seven years, the woman that he loved, but who was guilty of the basest crime within the ken of man.
 Which did he take? Which would you take?

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

BIDS CONSIDERED BY COUNCIL TONIGHT

Furnishing Pumping Equipment,
Flanged Pipe and Fittings, an
800,000 Gallon Reservoir

FINANCE COMMITTEE REPORT

Bids for Furnishing Meals to City
Prisoners, Bids for the Official
Printing

The city council has its first regular meeting of the month this evening. Much business is to be transacted. The finance committee is expected to make a report.

Bids are to be opened for furnishing pumping equipment, flanged pipe, valves and fittings; a reinforced concrete reservoir of 800,000 gallons capacity.

The pumping equipment consists of two motor and engine driven 3-stage centrifugal fire pumps, each of 1000 G. P. M. capacity, two motor and belt driven vertical centrifugal low service pump of 1200 G. P. M. capacity and two motor driven sump pumps.

Bids will also be opened for furnishing meals for city prisoners, for official publications for the ensuing year.

CASS COUNTY TAX CASES

Famous Cases Heard by Judge W. S. McClenahan Who Won Admiration of Cass County People (Walker Pilot)

The famous tax cases that had been continued from the April term were brought up in chambers in District Court here in Walker, Tuesday of this week.

These cases were resultant from attempts by the Empire Land Company, the Willow River Land Company, and John Q. A. Crosby to have their taxes reduced which threw the question up for a court decision.

A judgment was entered against Crosby for the disputed taxes and all penalties and costs.

The Empire and Willow River Land Companies decided to fight their cases out and secured the best talent obtainable to represent them. County Attorney Rogers represented the State in the trials as well as in securing the necessary evidence to combat the attempts of these companies at tax evasion.

Judge McClenahan was on the bench and won the admiration of the State's attorney and Cass County citizens at the trial by stating that he just wanted the facts in the cases and that jockeying the witnesses by the attorneys was just a waste of time.

The defendants tried the usual dodges, declaring that the land was of little value, placing it at \$1 and \$2 per acre, brought witnesses from afar that were not familiar with the land values or productive qualities of the soil, while the state's witnesses were all residents and well qualified to speak.

In one instance, the bluff cost the defendants something nice. They stated on the stand that one particular piece of land was not worth more than four dollars per acre and that they would be glad if they could sell it for that. W. B. Jones was game and asked him if he meant what he said and being informed that defendant meant every word he said, W. B. immediately pulled the money and purchased the tract of 40 acres right then and there at that figure, to the apparent confusion of the defendant. Later, we understand, Mr. Jones sold that tract for \$15 per acre.

Mr. French of the Clover Belt Land Co., testified that his lands were being sold for \$14 and \$15 per acre and that they were on par with the lands in question and that not only was he satisfied with his tax rate but actually thought that his lands had been undervalued in some instances by the assessors.

HOT WEATHER

Crow Wing County's Siege of 80
Above Broken by Refreshing
Rains

Crow Wing county's siege of 80 above weather came very close to damaging the rye crop. Under the unlooked for stimulant of July heat in May, some rye, only four inches high, started to head. The rains which commenced falling May 30 checked this unlooked for abnormal heading and the rye was saved. The rainfall May 20, 31 and June 1 measured 1.36 inch.

W. E. Lively has bought the three lots of Archie Purdy on the south side of Laurel street adjacent to the Gardner block and a modern garage, fireproof and with all conveniences for the motorist, will soon be in the course of erection.

The structure will be located in a fine location for its line of business, and it will do much to improve that section of Laurel street.

PUBLIC WARNED

To Beware of Imposters Selling Alleged War Relics With Red Cross Name

The public is warned by the Brainerd Chapter, American Red Cross, to beware of imposters and peddlers who are said to be selling photographs and alleged war relics under the auspices of the Red Cross. An official letter has been sent out from the Northern Division headquarters at Minneapolis calling attention of the public to this fact, and advising the local chapter to exercise its jurisdiction in the matter and to protect the public of itinerate peddlers.

It is a rule of the Red Cross that the name cannot be used for commercial purposes or any solicitations unless under the strict instructions from the National organization, and it is this rule that has been responsible, in many a place, of maintaining the high integrity and instability of the American Red Cross the world over.

Local people who are approached by peddlers and others claiming to have authority from the Red Cross, should call up the Secretary of the Red Cross, Brainerd Chapter or some other official and advise them at once, as it is strictly contrary to rules.

DIED IN CANADA

FARMER DIED

George Christianson, Age 81, Died at St. Mathias, Funeral Held Sunday Afternoon

George Christianson, a well known farmer of St. Mathias, age 81, died and the funeral services were held Sunday at the Daggett Brook Norwegian Lutheran church. He was born in Denmark. He leaves a wife and several sons and daughters.

Added Information.

Little Vivian was repeating the Lord's prayer after her mother one evening, and when she reached that part which relates to our daily bread she paused and said: "Mamma, 'ou might mention to God zat I like butter on it."

MEANS LIFE FOR THE CREAMERY

Local Creameries Have Great Advantage Over Larger Creameries Located at a Distance

THE QUALITY OF BUTTER MADE

Minnesota Butter has a Nation-Wide Reputation for Quality—Farmer Loses if Grade Poor

"The local creameries of Minnesota have two great advantages over the larger creameries located at considerable distance from the farmers," says R. M. Washburn of the dairy division at University Farm. "First, in the low cost of delivering the butterfat to the factory, and second, in the fresher, better quality cream which the local creamery has an opportunity to secure. These two advantages are in favor of the small creamery in competition with the larger creamery some distance away."

"Minnesota butter has a nationwide reputation for quality, yet many creameries in the state are not doing their share in maintaining this reputation," adds Mr. Washburn. "If California oranges, Florida grape-fruit, Washington apples, or New Jersey cranberries, or any one of the thousand-and-one manufactured foods, came on to the market as irregular in quantity as the butter from the small Minnesota creameries, fewer would be sold and all would sell for lower prices."

"The best advertisement for butter is good butter. Butter scoring 93 sells for from 3 to 4 cents more per pound in the eastern market than butter scoring 88. If butter is selling at 50 cents a pound this difference amounts to 6 or 8 per cent of the sale price. Good interest on money invested."

"The farmer is the loser if the grade is low."

BRAINERD'S ODDEST STORIES OF TODAY

R. B. Hamilton went north on the M. & I. to familiarize himself with the topography and general conditions of the railway. When he got to International Falls a passenger engine tipped over in the yards.

Dahl is the day ticket man at the depot. A lady came in and asked when the 2:20 train left. Dahl stuttered as he answered and said the 2:22:20 train was late and would leave at 2:22, 2:22.

"Do tell," said the old lady, "be you the locomotive whistle? You sound like the M. & I. tooting up near Jenkins."

Autos that pass in the night are many, especially when a fellow has a bum tire like W. E. Brockway had Monday night on the Gull Lake road. Out of a procession of passers, but two stopped to extend first aid.

The June graduate and the June bride will soon hold the center of the stage to the exclusion of the peace treaty and other small worldly affairs.

Country dailies in these parlous times have their troubles too. There is the Little Falls Transcript which looked like a rural weekly Monday, the daily news plate evidently failing to show up on time. In the column usually given over to the peace treaty reports was an article on "Harvesting Timothy Crop at Right Time." Near by where Hawker and Griefs flew the other day was a plate story on "Most Profitable to Exterminate Weeds." The fillers were devoted to poultry stock, alfalfa, geese, feathers, horse feed, etc.

The Standard Oil Company (Indiana) and the Farmer

THERE is no general class of men who understand so thoroughly, and appreciate so well, the service rendered by the Standard Oil Company (Indiana) as do the farmers of the Middle West.

Wherever he may live the farmer is as familiar with the dark green tank wagon as he is with the conveyance which brings the mail carrier. He knows that his requirements of petroleum products will be provided.

He depends upon the service rendered by the Standard Oil Company (Indiana), confident that the company will deliver to him whatever products he needs, when he needs them, and at a price which is fair.

During the past two or three strenuous years the farmer of America has carried the responsibility for feeding the world. Every hour of every day he was busy, and every minute was precious.

To multiply the effectiveness of his own and his employees' labor, he installed modern equipment—tractors, trucks, cultivating and harvesting machinery.

To run these machines gasoline, kerosene, lubricating oils, and greases were absolutely necessary. To get them the farmer would have been forced to take hours of time going to town were it not for the distributing facilities of the Standard Oil Company (Indiana). The Company brought the products he needed to the farm, even to the tractor in the field.

It is this kind of service which has brought the farmer and the Company into such close and such friendly relations. It is this kind of service which emphasizes the usefulness of the Standard Oil Company (Indiana) as a public servant.

A Great Record.

Gen. John Brown Kerr, who was born in Kentucky seventy-two years ago, was the hero of what the late General Miles declared to be the most daring exploit in the history of Indian warfare. In 1891 Kerr, at the head of a brave band of 20 men, found himself surrounded by more than 100 South Dakota Sioux Indians. Outnumbered five to one, Kerr and his men fought so valiantly and handled their guns with such effect that many of the braves were killed, and the remainder surrendered.

When Actresses Were Unknown.

In ancient times actresses were unknown. The people of Elizabethan times were perfectly content to stand for a young male Juliet. Around about 1650, though, Charles II of England began encouraging women to appear on the English stage, and since then actresses have been appearing all over the world with varying degrees of success.

Can You Do It?

This sentence, President Elliot of Harvard university is said to have given to Doctor Lowell, his successor as head of the university, stipulating that the words all be spelled correctly: "It is agreeable to view the unparalleled embarrassment of a harnessed saddler or peddler sitting on a cemetery wall, gauging the symmetry of a skillfully peeled potato."

Harbinger of War Fable.

Since ancient days the locust has been the flying wing of superstition. People forget from 1912 till 1919 that the locust has markings on his wings which carry a distinct letter W, which, when noticed, usually results in many stories that war is at hand, the letter W being supposed to stand for the word, war. But the fallacy of such a supposition is in itself evident from the fact that the word for war in French does not begin with W, nor does it in Italian or Spanish.

Self-Conquest.

Patience and gentleness are not easy virtues when one is troubled within and buffeted without by the day's trials and demands. There are many times when the taking of a city might mean less to the individual soldier concerned than the conquest of his own spirit and tongue. There are tense days when a carping or unjust word falls on the spirit like a lighted match on tinder; wherefore we should be the more careful to store no tinder for ourselves, and toss no lighted matches at our fellows.

Egyptian Pyramids.

It took 123,000,645 slaves, working 14 hours a day for three centuries to complete the pyramids of Egypt, and the mummies exported from them have not brought, all told, \$1,000,000. —New York Sun.

Daily Thought.

Dreaming of a tomorrow, which tomorrow will be as distant then as today. —Tome Burguillos.

SPORTS

NO LEAGUE GAMES, RAINED ON SUNDAY

No Sunday games were played in the Central Minnesota League. There was rain all over the district.

Brainerd men were ready to start and expected first a 3 o'clock game at Crosby, then a 4 o'clock and at last a 6:30 game, but the rain shut off all hopes of playing.

Rain also held up the Ironton game at Verndale and the Little Falls game at Staples.

Arrangements will be made to play the games omitted soon so as to catch up on the schedule.

GEORGE CROW CLUB

Local Men Belong to Fishing Club Which Will Have Outing at Walker

A number of local disciples of Walton are looking forward with much anticipation to the annual fish dinner and outing of the George Crow fishing club of Walker, of which they are members and which will take place on June 8th on Leech Lake near Walker.

This club is named after George Crow of Walker, now deceased, who was a famous fisherman of that place and very a popular man in the community. He established the club several years ago and the membership was limited to thirty. Upon the death or retirement of a member, an opportunity to fill this vacancy is rotated among the members of the club.

The club leaves Walker at 5 o'clock in the morning and the trip to the vicinity of Bear Island will be made in a lake launch, the row boats being towed behind. The fishermen spend the day on the lake and their meals are prepared in a beautiful spot on the island by an expert caterer.

Members of the club from Brainerd are W. H. Gemmell, Dr. J. A. Thabes, Mons Mahlum and Fred T. Lincoln. The late R. B. Withington was a member at the time of his death. Guests of local members who will take in this fishing trip this year are John Carlson, Wm. H. Cleary, and Ernest Butler. They will leave Brainerd on the afternoon of June 7th, arriving at Walker for supper and spending the night there, in order to be ready for the early morning trip to the fishing grounds.

It's an Outrage, Boys!

Fans down at Minneapolis reading the Journal are forced to swallow poetry in order to get at the meat of the Millers-Brewers game Monday. Minneapolis lost 5 to 0 and so took a bunch of Bob Smith's jinkling verse to pacify the massacre. We know well that to record a game in the Central Minnesota Baseball League in verse would invite destruction at the hands of the league officers.

HEADS NEW WAR COLLEGE

General McAndrews to Direct General Staff Instruction.

Washington, June 2.—General March, chief of staff, announced that Major General James W. McAndrews, of General Pershing's chief of staff, had been assigned to head the new general staff college which is to absorb the army war college. The war plans section of the general staff, an early outgrowth of the war, is to be continued as a subdivision, with Major William G. Haan in charge, replacing Brigadier General Lytle Brown.

USING BOMBS ON AFGHANS

London Announces No Serious Fighting Has Occurred.

London, June 2.—British airplanes have dropped bombs on Kabul, capital of Afghanistan, and on Jelaalabad, the Indian office announces. The airplanes also have attacked formations of Afghan troops. The statement says that there has been no serious fighting on the Afghan frontier between the British and the Afghans.

WILSON ATTENDS THEATER

Watches Musical Comedy With Yank Relay Racers.

Paris, June 2.—President Wilson again attended the theater. He was accompanied by Mrs. Wilson. The piece was an English musical comedy for the benefit of the Knights of Columbus and the American soldier athletes who contended in the relay race from Chateau Thierry to Paris.

AGENT GAVE IT UP

Nothing for Him to Do but Hand Out Ticket.

Now He Makes Plaintive Appeal for Rule by Which He Can Tell a Minister From Ordinary Run of Mankind.

"Sky pilots! Whee-e-w!" whistled the ticket agent of a Missouri town the other day, so the story goes. "Well, it seems to me there are just ten times as many as there used to be in this neck of the woods, and I tell you some of the guys who come up here to this window sayin' they're ministers and asking for half-fare tickets look more like ballyhoo men at a street fair or circus than sky pilots.

"The trouble is when a fellow comes up here to the window and says 'I'm a preacher,' there ain't any rules laid down for me to go by to tell him from a professional crook, or moll buzzer, or a right reverend, and so I have to hand out the ticket.

"The other night I was talking to my wife about it, and we hit on a scheme, and when I went down to work next morning I had the family Bible tucked under my arm, and when a sporty-looking old chap, puffing a cigarette, with a plaid suit and a necktie so loud it was screaming at you, came up to the window, and says 'minister's ticket to Kansas City, please,' I said respectful like:

"Please excuse me, sir, but will you please tell me who wrote the second book of St. Paul's Epistle to the Galatians?"

"He smiled at me friendly, and said pretty quick, 'Why Paul, of course. Now get busy with a ticket.'

A MESSAGE ABOUT ADVERTISING

FROM THE

U. S. DEPARTMENT OF LABOR

If you are not advertising, then advertise because it saves money for you and it reduces the price to the consumer.

Advertising prevents profiteering. It insures honest profits and makes them permanent.

The message of the U. S. Department of Labor to merchants and manufacturers and to all progressive American business men is to advertise.

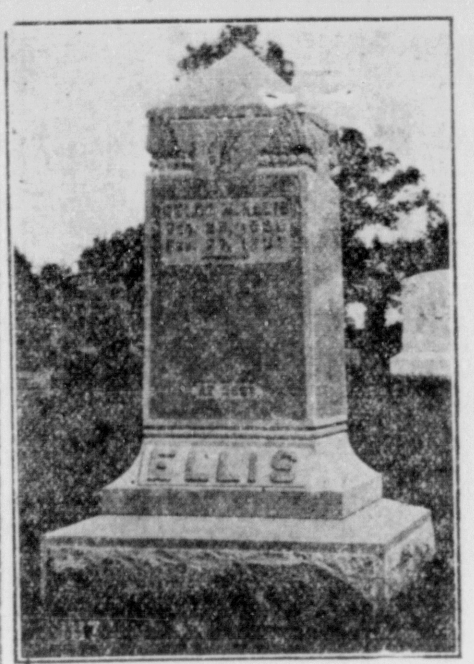

Tell the public about YOUR goods. The consumer has plenty of money. He is willing to spend it and we want him to spend it on American-made products. The easiest, quickest, and most economical way in which this can be accomplished is by advertising.

"Spring Fever" and Common Sense

Instead of giving up and saying you have "spring fever," it is more sensible to take a good, wholesome physic. Billousness, sick headache, sour stomach, bloating, coated tongue—all are banished by Foley Cathartic Tablets. B. B. Haward, Unadilla, Ga., writes: "Foley Cathartic Tablets give quick relief." H. P.
